Personalized Engagement Strategy

Triggered Nudges by Behavioral Pattern:

Travel with confidence! Activate Travel Insurance to protect your trips.

Earn rewards on every purchase. Activate Cashback now.

Experience luxury services. Your personal concierge is waiting.

Earn extra points on dining & entertainment with our latest partner network.

Key Findings

Underutilization Drivers:

- Travel Insurance: Most unclaimed (\$450M annually)
- Lounge Access: 65% of members unaware of benefit
- Purchase Protection: Activation triggers unclear
- Dining Credits: Low discovery among Standard tier

Recommended Actions:

- Proactive nudges at transaction moment
- Segment-specific benefit education
- Simplified benefit discovery UX
- Quarterly value realization campaigns
- Real-time benefit recommendations
